Objectives of the Nurses' League

The League serves as a vehicle for members to meet annually. Members are able to maintain a link with Great Ormond Street Hospital for Children NHS Foundation Trust.

The Link Membership scheme ensures contact with members is maintained, facilitates local gatherings, and provides the opportunity to offer help and support from the Benevolent Fund. Bursaries are available for members who apply for support for further education.

The League meets annually on the last Saturday in September for its Reunion and Annual General Meeting [AGM]. This includes a chapel service, lectures of clinical interest and lunch followed by the AGM. It gives members the opportunity to renew acquaintances and learn of developments related to child health, nurse education and organisational management at GOSH. Final year nursing students at South Bank University are encouraged to attend the Annual Reunion & AGM by offering a subsidised fee for the day.

The League publishes an annual Journal which is posted to members on payment of a subscription by 31 January. The Journal contains information regarding GOSH, League events and articles about League members.

The League awards two annual prizes in memory of past Matron Gwen Kirby. One to a graduating student nurse who has shown a high standard of nursing care throughout their course and the other to a ward sister / charge nurse who has shown concern and consideration for their colleagues and inspired a high standard of nursing care.

Membership

Full membership is open to:
